# Erratum to: The transcription factor MITF is a critical regulator of GPNMB expression in dendritic cells

Michael Gutknecht, Julian Geiger, Simone Joas, Daniela Dörfel, Helmut R. Salih, Martin R. Müller, Frank Grünebach\* and Susanne M. Rittig

After publication of this work [1], we noted that we inadvertently missed to include research funding organizations that supported this work. Missing research funding was supplemented in the acknowledgements.

## Acknowledgments

This work was supported by Deutsche Krebshilfe (project no. 109046) and Wilhelm Sander-Stiftung (project no. 2013.148.1). SMR is supported by the European Social Fund in Baden-Württemberg. We acknowledge support by Deutsche Forschungsgemeinschaft and Open Access Publishing Fund of University of Tübingen. We thank Sylvia Klein for excellent technical assistance.

Received: 9 May 2016 Accepted: 11 May 2016

Submit your next manuscript to BioMed Central and we will help you at every step:

- We accept pre-submission inquiries
- Our selector tool helps you to find the most relevant journal
- We provide round the clock customer support
- Convenient online submission
- Thorough peer review
- Inclusion in PubMed and all major indexing services
- Maximum visibility for your research
